

## **Alternative Provision Referral Process & Form for Intensive Re-engagement KS3 transition and KS4 Prevention of Neet**

It is important that the following procedures are undertaken in the correct order. Failure to do so may result in delays and possibly in a learner being turned down.

1. School to complete and return the referral form to Progressions Team, ensuring that all sections are completed fully and accurately. **The Parental/carers consent must be signed.** Referral forms are downloadable from our Lifelong Learning website - <http://www.lifelonglearningandskills.org/our-facilities/14-25-progressions-team/14-16-alternative-provision>
2. Progressions Team will log your referral onto the database and check requested provision for suitability and availability. We will then forward the referral to relevant provider(s) - this normally takes 3 working days. However, more complex cases may need to be given greater consideration, and this might take longer.
3. School to arrange preliminary visit(s) to provider(s). Visits must be accompanied by school; parent/carers and other professionals are also welcome to attend.
4. School to inform the Progressions Team of the outcome of the visit. If all parties are in agreement that the placement is appropriate, the Progressions Team will allocate a start date and add the learner on to the on-line register – again within 3 working days.
5. Progressions Team will send out an email confirmation of start date; start/finish times of provision etc. School should inform student and parent/carers of the confirmed start date.

If you have any questions about the referral form process or you want to speak to a member of the Progressions Team, visit the downloads section of our website and click on the **Placement Support Officer Links to Schools** document to find their contact details.

At the end of this referral form, you will find a helpful checklist for you to keep. There is no need to return this last page back to us.

#### Information about the Alternative Provision Programme

Please read this Referral Form carefully. It will enable your child (or the person you have legal parental rights to) to take part in the Alternative Provision Programme.

As the school/other referral agency will have explained, AP is a programme to offer your child the opportunity to gain experience and develop skills outside of the school environment with carefully selected training providers.

The AP scheme is run by Sheffield City Council's 'Progressions Team', who will review the referral forms and find an appropriate training provider. All providers are required to ensure the health and safety and insurance requirements are met, but there will be times (for example breaks, lunchtimes, possibly travel to and from the placement) where your child is unsupervised. This also includes occasions where your child leaves the site before the normal finishing time. In such circumstances, every effort will be made to inform you.

**Photographs, videos & other images**

Occasionally, we may take photographs of the learners on the Alternative Provision Programme. We may use these images in our prospectus or in other printed publications that we produce, as well as on our website. We may also make video/DVD or webcam recordings for conferences, monitoring or other educational use. We consider that such use is within the Council's legitimate interests in promoting and informing the public and participants in the activities under the programme.

From time to time, our settings may be visited by the media who may take photographs or film footage of a high profile event. Pupils will often appear in these images, which may appear in local or national newspapers, or on televised news programmes. Pupils will be provided with the opportunity to highlight to the media or relevant staff if they do not wish to be captured in such activity.

We do note that images on websites can be viewed throughout the world and not just in the United Kingdom and that some overseas countries may not provide the same level of protection to the rights of individuals as EU/UK legislation provides. Some images may be kept permanently once they are published and be kept as an archive of the programme.

**Social Media**

Some Providers may use social media to advertise and promote their organisation. Please ensure that you have read and understood the providers Online Safety policy which covers the requirements for safe ICT use, including using appropriate devices, safe use of social media websites and the supervision of pupils within the classroom and other working spaces.
